Tellum 2nd February 1842.

Rec'd 7th Do.

Sir,

I have the honor to forward a Copy of an Arzie from the Talicolar of Puttoocottah complaining that the Mirasidars of Colabem in the Rannad Zemindary have dug a small Reservoir in the bed of the Teygore tank belonging to this District at the same time destroying a part of the Teygore Channel, bringing the same under cultivation. As the land taken for the new tank is claimed by the people of Teygore, and their claim denied by the Mirasidars of Colabem, it seems advisable that an investigation should be made on the Spot, by a reference to the

Steps for the restoration of the Channel which is said to have been injured, must be adopted after receipt of the decision awarded by the parties named for that purpose.
